

# ALA EDDINE BEN HSSINE

Student in Artificial Intelligence Engineering

alabenhssine6@gmail.com

+216 46 322 655

Radès, Ben Arous Governorate, Tunisia

## PROFILE INFO

Artificial\_Intelligence engineering\_student, passionate about machine learning and deep learning. I am also interested in data analysis and visualization, as well as application development, particularly with frameworks such as Django. Curious, motivated, and diligent, I continuously strive to deepen my technical skills and apply them in practical projects.

## SKILLS

- Project Management
- Teamwork
- Critical Thinking
- Django, .NET, GitHub
- Machine Learning and Deep Learning Algorithms
- SQL Server (SSMS, SSIS), Power BI

## LANGUAGES

- English – Advanced
- French – Advanced
- Arabic – Fluent
- German – Beginner

## EDUCATION

|      |                                                                               |
|------|-------------------------------------------------------------------------------|
| 2023 | <b>High School Diploma in Mathematics</b><br>Farhat Hached High School, Radès |
| 2024 | <b>Integrated Preparatory Cycle</b>                                           |
| 2025 | Esprit prépa                                                                  |
| 2026 | <b>Engineering Program – Specialization in AI (ongoing)</b>                   |
| 2028 | Esprit University                                                             |

## EXPERIENCE

|      |                                                                                                                                                                                                                                                                                                                                                                                                           |
